

Aquaborne Ceramithane

Aquaborne Ceramithane Clear Finish is an ultra premium water borne acrylic-urethane finish coating that crosslinks to form a very hard, impervious film. Crosslinking unites the molecules to form a continuous barrier that protects the surface. The high build formula achieves a luxurious, deep, rich finish with just two coats. This product is very stain resistant and passes the Maple Flooring Manufacturers Association and Kitchen Cabinet Manufacturers tests. Use inside on wood, primed metal and masonry (High Gloss can also be used exterior). Protects the finish of highly polished metals like brass, copper, aluminum and stainless.

- Proprietary resin and formulation
- Passes Maple Flooring Institute and Kitchen Cabinet Manufacturers Association tests
- High build, easy to apply
- Stand up to the toughest commercial applications
- High Gloss can be used on exterior
