

Stopz Mold Resistant[‡] Waterproofer

Stopz[®] is a mold and mildew resistant[‡] waterproofing paint designed to waterproof bare masonry and hold back up to 10 lbs psi of hydrostatic pressure. This product will work either above ground or below grade. Stopz is an acrylic fast drying formula that works by penetrating the concrete and expanding deeply into the pores of the masonry to waterproof and reduce radon emissions. Stopz is easily applied with a brush and/or roller.

- Waterborne, low odor[§] formula with antimicrobial that withstands 10 PSI
- Mildew resistant[‡], Interior / exterior formula
- Ideal for above or below grade masonry walls, cinder & concrete blocks, concrete basement walls or foundations
- Penetrates masonry and expands deeply into pores
- Easy application, bright white finish
